*****Please be advised that we do not do same day adoptions. Your application has to be approved before you can take the animal home. The adoption coordinator will call or email you if we have any questions about your application or if it has been approved. It can take anywhere from 2-7 days for us to process your application, especially if it's on the weekend. If you do not fill out the application correctly/full this will only delay the process. Our applications are used as part of a screening process. We do not adopt animals on a first come, first serve basis. We choose the most appropriate home for each pet. Please be advised that filling out the application does not guarantee that you will be able to adopt the animal. Thank you. *******
